### Catchment Boundary Review Meetings

The District will be sharing their latest boundary review recommendations to the Board of Education this month after receiving community input on the phase three proposal.

The District hosted eight school-targeted consultation meetings in the month of May to discuss the proposed changes with the schools directly impacted while continuing to gather input online. The phase three proposal involved some new considerations for specific schools. As a result, the District felt it was important to directly connect with the school communities that could potentially be affected.

For timelines, background information and the phase three proposal, please visit the [boundary review webpage](#).

New recommendations are now planned to be presented to Trustees at a Special Board meeting on **June 19, 2019**, where there will be an opportunity for attendees to submit input. The following week, the Board will meet again on June 25th, 2019 for final deliberations.

### Special Boundary Review Board Meetings
